EMERGENCY CALLS ON PARTY LINES—WARNING:
State law requires you to hang up the receiver of a party line telephone immediately when told the line is needed for an emergency fire or police call, or for medical aid or ambulance. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. The law defines an "emergency" as a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential.

LLAMADAS DE EMERGENCIA EN LINEAS COMPARTIDAS POR DOS O MAS ABONADOS.—AVISO
La ley del estado requiere que usted cuelge el recibidor del teléfono de líneas común, inmediatamente cuando le dicen que la línea es necesitada para una llamada de emergencia (fuego o policía, o para asistencia de médico o ambulancia). Además es ilegal tomar posesión de la línea común pretendiendo que la línea es necesitada para una emergencia. La ley define una "emergencia" como una situación en que la propiedad o vida humana esta en peligro y pronta ayuda es esencial.

INDECENT OR HARASSING CALLS

Federal and State Laws provide fines of not more than $500 or imprisonment up to one year or both for any person who by telephone addresses another in indecent or obscene language or who telephones another repeatedly for the purpose of annoying, threatening or harassing that person.

Wethersfield: • Sage-Allen & Company, Incorporated, 1065 Silas Deane Highway
Wilson: • Wilson Drug Company, 396 Windsor Avenue
• Sage Allen & Company, Incorporated, 530 Windsor Avenue

SECTION

B

types of calls:

station-to-station

Call station-to-station if you wish to talk with anyone who answers. Many rates for calls that you dial yourself are lower than for calls requiring assistance from an operator. Charging begins when the called telephone answers.

person-to-person

Call person-to-person when you wish to talk to a particular person or extension number. Tell the "OPERATOR" you wish to make a "person-to-person" call. Rates are higher than station-to-station and also apply when you talk to an alternate person or extension. Charging starts when conversation begins.

conference

You can talk with several people in different places at the same time. Tell the "OPERATOR" you wish to make a "conference" call. A special charge will be made for this type of call.

collect

You can call "collect" if the person or firm you are calling agrees to pay the charge. If you want to make a "collect" call, please be sure to tell the "OPERATOR" when you place the call. Because of the extra time required, there is an additional charge for all Connecticut collect station calls.

mobile calls—air-land-marine (toll charge may apply.)

You can make local and long distance calls to automobiles, trucks, aircraft, boats and ships. For automobiles, trucks and aircraft dial direct to the Mobile Operator who handles the base location of the Mobile Unit you wish to contact:

Mobile Unit Base	Dial:
Bridgeport	335-2116
Hartford	246-5675
New Haven	777-7461
Stamford	325-3561
Waterbury	753-1101

Give the Mobile Operator the number of the Mobile Unit you are calling.
Note: If calling a mobile Unit from a coin telephone, dial "0" (Operator).
For boats and ships ask the Operator for the Marine or High Seas Operator. For information on other Radiotelephone Communications Common Carriers, consult the White and Yellow Pages and other business guides.

wide area telecommunications service (inward WATS)

Station-to-station long distance calls may be made, without charge to you, to those customers who have wide area telecommunications service. They offer this service to their customers calling from specific locations. Dial "1" plus Area Code "800" plus the special numbers of customers having this service.

For Inward Wats Directory Assistance Information see page 7.

overseas calls

You can call practically every telephone in the world from your telephone. Tell the "OPERATOR" you wish to place an overseas call and give the name of the country you are calling.

overseas rates [including Alaska]

Alaska: Fairbanks, Nome, $7.25, Juneau, $6.60—Argentina, $12.00—Bermuda, $6.00—France, $12.00—Hawaii, $7.50—India, $12.00—Panama, $9.00—Romania, $12.00—Venezuela, $9.00 — Virgin Islands, $9.00.

The rates above are typical person-to-person rates for the first three minutes (Excluding Federal Excise Tax). Station-to-station service is available to certain of these overseas points. Reduced rates to many countries apply during certain night hours and/or Sundays. Rates vary from country to country—Call your operator for details. See page 9 for dialable international area codes.

Long distance rates to Connecticut points and many out-of-state points are shown on last yellow page.

DIAL ALL YOUR OWN CALLS!

1. HOW TO DIAL STATION-TO-STATION LONG DISTANCE CALLS:

- TO CALL WITHIN CONNECTICUT . . . . . **DIAL "1" + THE TELEPHONE NUMBER**
- TO CALL OUTSIDE CONNECTICUT . . . . . **DIAL "1" + THE AREA CODE + THE TELEPHONE NUMBER**

IF YOU REACH A WRONG NUMBER — Dial "OPERATOR" immediately. You will not be charged for the call.

2. HOW TO DIAL PERSON-TO-PERSON, COLLECT, CREDIT CARD & SPECIAL BILLING CALLS FROM ALL TELEPHONES:

- TO CALL WITHIN CONNECTICUT . . . **DIAL ZERO** FOLLOWED **IMMEDIATELY** (without pausing) BY THE TELEPHONE NUMBER
- TO CALL OUTSIDE CONNECTICUT . . **DIAL ZERO** FOLLOWED **IMMEDIATELY** (without pausing) BY THE **AREA CODE** THEN THE TELEPHONE NUMBER

After you have dialed the number, an operator will request the information needed to complete the call. When the "OPERATOR" Asks, "MAY I HELP YOU?" Simply explain on a:

- PERSON TO PERSON CALL: The name of the person you are calling.
- COLLECT CALL: You wish to call collect and give your name.
- CREDIT CARD CALL: My credit card number is_____
- CALL CHARGED TO ANOTHER NUMBER: You wish to bill the call to (area code and telephone no.)

There is an additional charge for "Operator" assisted calls.

IF YOU REACH A WRONG NUMBER — Dial "OPERATOR" immediately. You will not be charged for the call.

FOR LONG DISTANCE CALLS FROM COIN TELEPHONES FOLLOW THE DIRECTIONS ON THE INSTRUCTION CARD.

YOU WILL NOT BE CHARGED

- If you hang up before you dial the complete number.
- If the telephone number you dial is busy or does not answer.

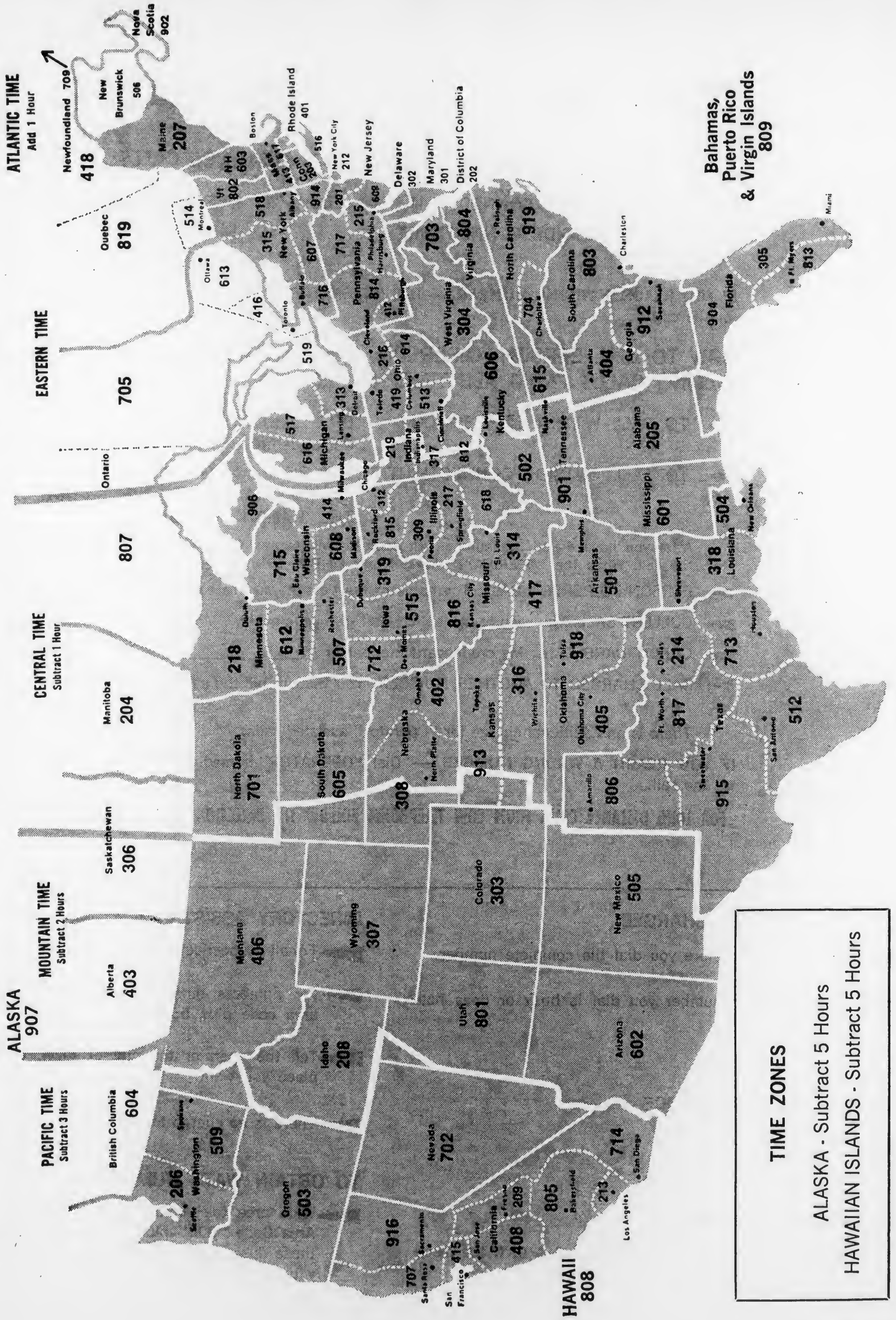
IF YOU NEED ASSISTANCE

- Dial "OPERATOR".

TO OBTAIN AREA CODES

Area codes for many places are on pages 8 & 9. If the place you want is not listed, dial "OPERATOR."

DIRECTORY ASSISTANCE



- For all Connecticut numbers just dial 1411.
- For numbers outside Connecticut, dial "1" plus the area code plus 555-1212.
- Tell the operator the city or town, then the name or place you want.
- There is no charge for directory assistance calls.

TO OBTAIN WATS NUMBERS

- Wide area telecommunications service - Dial "1" plus Area Code "800" plus 555-1212 to obtain numbers of those customers who offer incoming long distance calls without charge to persons calling from specific locations.

area codes speed your long distance calls

The U.S. and Canada are divided into more than 120 telephone areas. Each area has a 3 figure area code. Your area code is 203 [see map]. The area code of the telephone you are calling should be dialed if it is different from the area code of the telephone you are using. It should not be used if it is the same. When you give someone your telephone number, include your area code if needed to return your call.—A list of selected area codes is on page 9.

WIDE AREA TEL. SERV.	
all locations	800

to obtain long distance numbers—Dial "1", plus the area code for the place you want, plus 555-1212. For numbers in Connecticut, dial 1411.

to obtain wide area telecommunications service numbers—Dial "1" plus Area Code "800" plus 555-1212 [see page 6].

HARTFORD

SECTION

C

general information

your telephone number is important

When your telephone number is preceded by your area code, it is the only one like it in the United States or Canada. When leaving your telephone number for someone else to call you be sure to include the Area Code, if the caller will be calling from a different telephone area than your own.

Numbers are most easily understood if they are given to others as "area code 3-1-1 [pause] 5-5-5 [pause] 3-6-2-1." When writing your telephone number, separate it like this: area code 311 555-3621.

If you're a businessman, it's smart to make it easy for your customers to reach you. Show your telephone number on your stationery, statements and all advertising pieces. Show your area code too—it helps distant parties call you faster.

suggested styles

Telephone	AREA CODE 203 555-2368

AREA CODE 203 555-2368

out-of-town directories

If you need telephone numbers for anywhere in the country, just visit or call our telephone office. We will arrange to get you the right phone book.

telegrams

You may telephone telegrams, mailgrams or international messages to Western Union — see listings of that company in this directory — and have the charges appear on your telephone bill.

automatic answering set

Certain telephones are equipped with an automatic device, known as an automatic answering set, which answers the telephone mechanically. It then makes a recorded announcement. If your call is answered by an automatic answering set, listen carefully for the announcement which will be self-explanatory. Some sets will also record a message from the caller.

when you hear a "beep" tone

A short "beep" tone about every 15 seconds means your conversation is being recorded. Use of a recorder without a Telephone Company-provided tone-warning device is in violation of the Company's tariffs with two exceptions; on emergency police and fire calls, and during telephone interviews by a licensed radio station with the understanding your conversation may be broadcast. If you do not want your conversation recorded, request the machine be disconnected. Proceed when you no longer hear the tone.

employee identification cards

For your protection, every employee carries an official identification card showing his or her name, photograph and signature. If you have the slightest doubt about anyone who says they are from the telephone company, please ask to see their card.

customer-provided equipment

Equipment provided by a customer may be used with the Company's facilities if such use complies with the Company's tariffs. These tariffs permit installation of both voice and data transmitting equipment. However, customer provided equipment (other than decorator-type telephone enclosures furnished with electrical parts provided by the Telephone Company) must be used with prescribed Telephone Company furnished protective and signaling devices for which a charge is made, and must meet the technical criteria described in the Company's tariffs.

The tariffs are designed in the interest of good telephone service and to prevent hazards to customers and Company employees. A customer's service is subject to suspension or termination when the customer-provided equipment or wall jacks, plugs, extension cords, etc., are used in violation of these tariffs.

A service charge will apply when and if the Company makes a repair or service call and the trouble is found to result from the use of customer-provided equipment.

These regulations are binding on both the Company and the customer.

tariffs

Tariffs which show rates, rules and regulations for telephone service and facilities, approved by the Regulatory Commission, are available in our Telephone Office for public inspection.

yellow page accuracy

Every precaution is taken to avoid errors and omissions in the Yellow Pages, but if any occur the Company's liability shall be limited to a pro rata abatement of the charge paid to the Company for such advertisement in the same proportion that the error or omission reduces, if at all, the value of the entire advertisement, but in no event shall such liability exceed the amount payable to the Company for said advertisement during the time the same is in error.

general information

For information about any telephone service not shown on this page, call the telephone office and ask for your service representative.
